

# OncoMinds – Enhance Your Practice with World-Class Expertise

OncoMinds is a physician-to-physician platform that connects treating oncologists to a global network of subspecialists and AI-powered decision support. We help you provide the best possible care—without referring patients away.

01

## Submit Case

Upload records through our secure physician portal with complete confidentiality and ease.

02

## AI Analysis

Our AI processes all records—scans, labs, pathology—creating a comprehensive case summary for expert review.

03

## Expert Review

Subspecialists from leading cancer centers review and provide detailed clinical recommendations.

04

## Report Delivery

Receive detailed findings and actionable insights to discuss with your patient immediately.

## Why Oncologists Choose OncoMinds

### AI-Powered Analysis

Comprehensive summaries so you focus on clinical decisions rather than data gathering. Our AI technology processes complex medical records.

### Subspecialist Access

Connect with experts from Mayo Clinic, Stanford, and other leading cancer centers worldwide.

### Fast Turnaround

Guaranteed response times ensure your patients receive timely guidance when it matters most.

### Clinical Trial Matching

Identify emerging therapies and trial opportunities for your patients with cutting-edge treatment .
