

# Talking Points - How to Ask Your Oncologist About OncoMinds

## What to Say

"I've learned about OncoMinds, a platform that could help with my care. Could we discuss whether it might be helpful for me?"

## Key Points to Mention

### What OncoMinds Does

- Connects my oncologist to subspecialists at world-leading cancer centers
- Uses AI to analyze my complete medical records before expert review
- Provides written recommendations and clinical trial matching

### It Works Through You (the Doctor)

- OncoMinds is a physician-to-physician service
- You remain in full control of my care
- Expert recommendations go to you, not directly to me

### Why I'm Interested

- I want to make sure no treatment option is missed
- An expert opinion from a subspecialist could provide peace of mind
- I'd like access to the latest research and clinical trials

### It's Fast and Secure

- Expert opinions delivered in 3 business days
- All records are encrypted and de-identified
- Industry-standard security practices
